

Conference on Mechanism & Institution Design 2022

Department of Economics
National University of Singapore

Mon 11-Jul-2022 — Fri 15-Jul-2022

Call for Papers

The theme of the conference is on mechanism and institution design, interpreted in a general sense. The conference welcomes papers in all areas of economics, finance, information system, and politics, etc., which are related to mechanisms and institutions. The topics include but are not limited to game theory and foundations, asymmetric information, mechanism design, market design, information design, market and equilibrium, assignments, auctions, contests, bargaining, matching, college admission, election schemes, political institutions, sustainability, public good provision, nonlinear pricing, law and litigation, voting, sports, economic reform, comparative economics, regulation, taxation schemes, school choice, governance, corporate finance, cryptocurrency, financial institutions, capital structure, incentives in labor market, social choice, information and learning, decision theory, platform, network, etc. Papers can be theoretical, empirical, experimental, or historical. Young economists including senior PhD students are encouraged to submit their papers.

The conference is planned to be a five-day in-person event, with the first day being a registration day. In case this turns out to be infeasible due to the ongoing COVID-19 pandemic, the conference will be held virtually, or partially virtually.

The biannual conference is under the umbrella of [The Society for the Promotion of Mechanism and Institution Design \(SPMiD\)](#),

Confirmed Keynote Speakers

Fuhito Kojima (University of Tokyo & Stanford University) Alessandro Pavan (Northwestern University)
Dan Kovenock (Chapman University) Rakesh Vohra (University of Pennsylvania)
