## Join us on the Future Leaders Programme to get ahead of disease, together with GSK Malaysia!

GSK is a global biopharma company with a special purpose – to unite science, technology and talent to get ahead of disease together– as an organisation where people can thrive. Getting ahead means preventing disease as well as treating it, and we aim to impact the health of 2.5 billion people around the world in the next 10 years.

Our success absolutely depends on our people. We want GSK to be a place where people feel inspired, encouraged and challenged to be the best they can be.
