

**NATIONAL UNIVERSITY OF SINGAPORE**

**Department of Geography**

**Full-time Research Assistant in Physical Geography**

**Job Description:**

The Department of Geography at NUS is looking for a full-time Research Assistant to assist on various environmental change projects, including long-term palaeoenvironmental change records from lakes, typhoon and tsunami sediments and environmental impacts of plastics on Tonle Sap Lake, Cambodia. The work will primarily involve laboratory and fieldwork. Some experience in sediment analysis and sediment sample preparation would be valuable.

**Duration of Appointment:**

The period of appointment is to December 2020.

**Application Deadline:**

Until the position is filled.

Interested candidates should submit a cover letter and CV documenting relevant training and experience to Dr. Chris Gouramanis at [geogc@nus.edu.sg](mailto:geogc@nus.edu.sg). Only shortlisted candidates will be notified.
