

Boustead-Esri Geospatial Scholarship

The Boustead-Esri Geospatial Scholarship, sponsored by Boustead Esri (<https://esrisingapore.com.sg/>), supports Singaporean citizens or Singapore Permanent Residents with the opportunity to pursue postgraduate study in geospatial technologies, especially geographic information systems (GIS), and their applications. The scholarship is offered annually with two positions awarded to applicants who have successfully enrolled in the MSc in Applied GIS Programme in Geography, NUS.

Criteria

The applicants must meet the generic requirements of the MSc in Applied GIS Programme:

- a Honours degree (Merit/Second Class and above) in the subject or related fields; or
- a good Bachelors degree (at least an average grade of B or equivalent) in the subject or related field, and with a minimum of one year of relevant work experience; or
- such other qualifications and experience subject to approval by the Board of Graduate Studies.

In addition, the applicants must

- apply for admission to be a full-time student;
- have taken at least one GIS module as an undergraduate student, with preference given to those who have completed the GIS Minor Programme, Department of Geography, or equivalent;
- have an overall Cumulative Average Point (CAP) of the undergraduate degree of 4 or above (on a scale of 5); and
- not concurrently hold other scholarships which already cover 100% of course tuition fees.

Applicants receiving other financial aid or bursaries may apply. Successful applicants will be required to make a presentation of his or her project work to the Boustead company leadership at an appropriate time.
