List of Universities

Some PUs may not be offered in the end. Please check carefully the list of available PUs of the period you are applying for when application opens. Students are also advised to check the available quota of their preferred partner universities before applying.

Department level partnership:

- Akita International University
- International Christian University
- Meiji University

FASS level partnership:

- Kwansei Gakuin University
- Rikkyo University
- Ritsumeikan University
- Tokyo University of Foreign Studies

University level partnership:

- Keio University
- Kyoto University
- Kyushu University
- Nagoya University
- Osaka University
- Tohoku University
- The University of Tokyo
- Waseda University

Akita International University

Kwansei Gakuin University

Ritsumeikan University

What is SEP?

- Spending one or two semester(s) studying in a university outside of Singapore.
- Credit transfer possible.
- Pay school fees to NUS.
- JS majors should apply to a Japanese university.
- Need a GPA of at least 3.0 to qualify and should not have any grade below 'C'.

Why is SEP important for JS majors?

- Exposure to Japanese culture and society.
- Learn Japanese language.
- Collect potential research materials.
- Learn more about life outside Singapore and all other kinds of interesting things in Japan!

Timing for SEP

- Ideal time: During your 4th and/or 5th semester.
- Cannot be in your final semester—you need to stay in NUS for it.
- In Round 2, you can apply only for 1-semester SEP. Any extension is subject to approval.
- Check academic calendar of partner university; LOA at start of returning semester is only 2 weeks.

Timing of Application

- Round 1: End-Aug to Early-Sep 2026
Applications can be for a single semester or full year exchange in the following academic year.
- Round 2: Mid-Jan to Early-Feb 2027
(to be confirmed in Jan 2027)
Applications only for semester 2 of the following academic year.

NOTE: applications go to FASS-SEP at the Dean's Office, not to individual departments. Look out for the email from FASS Dean's Office!

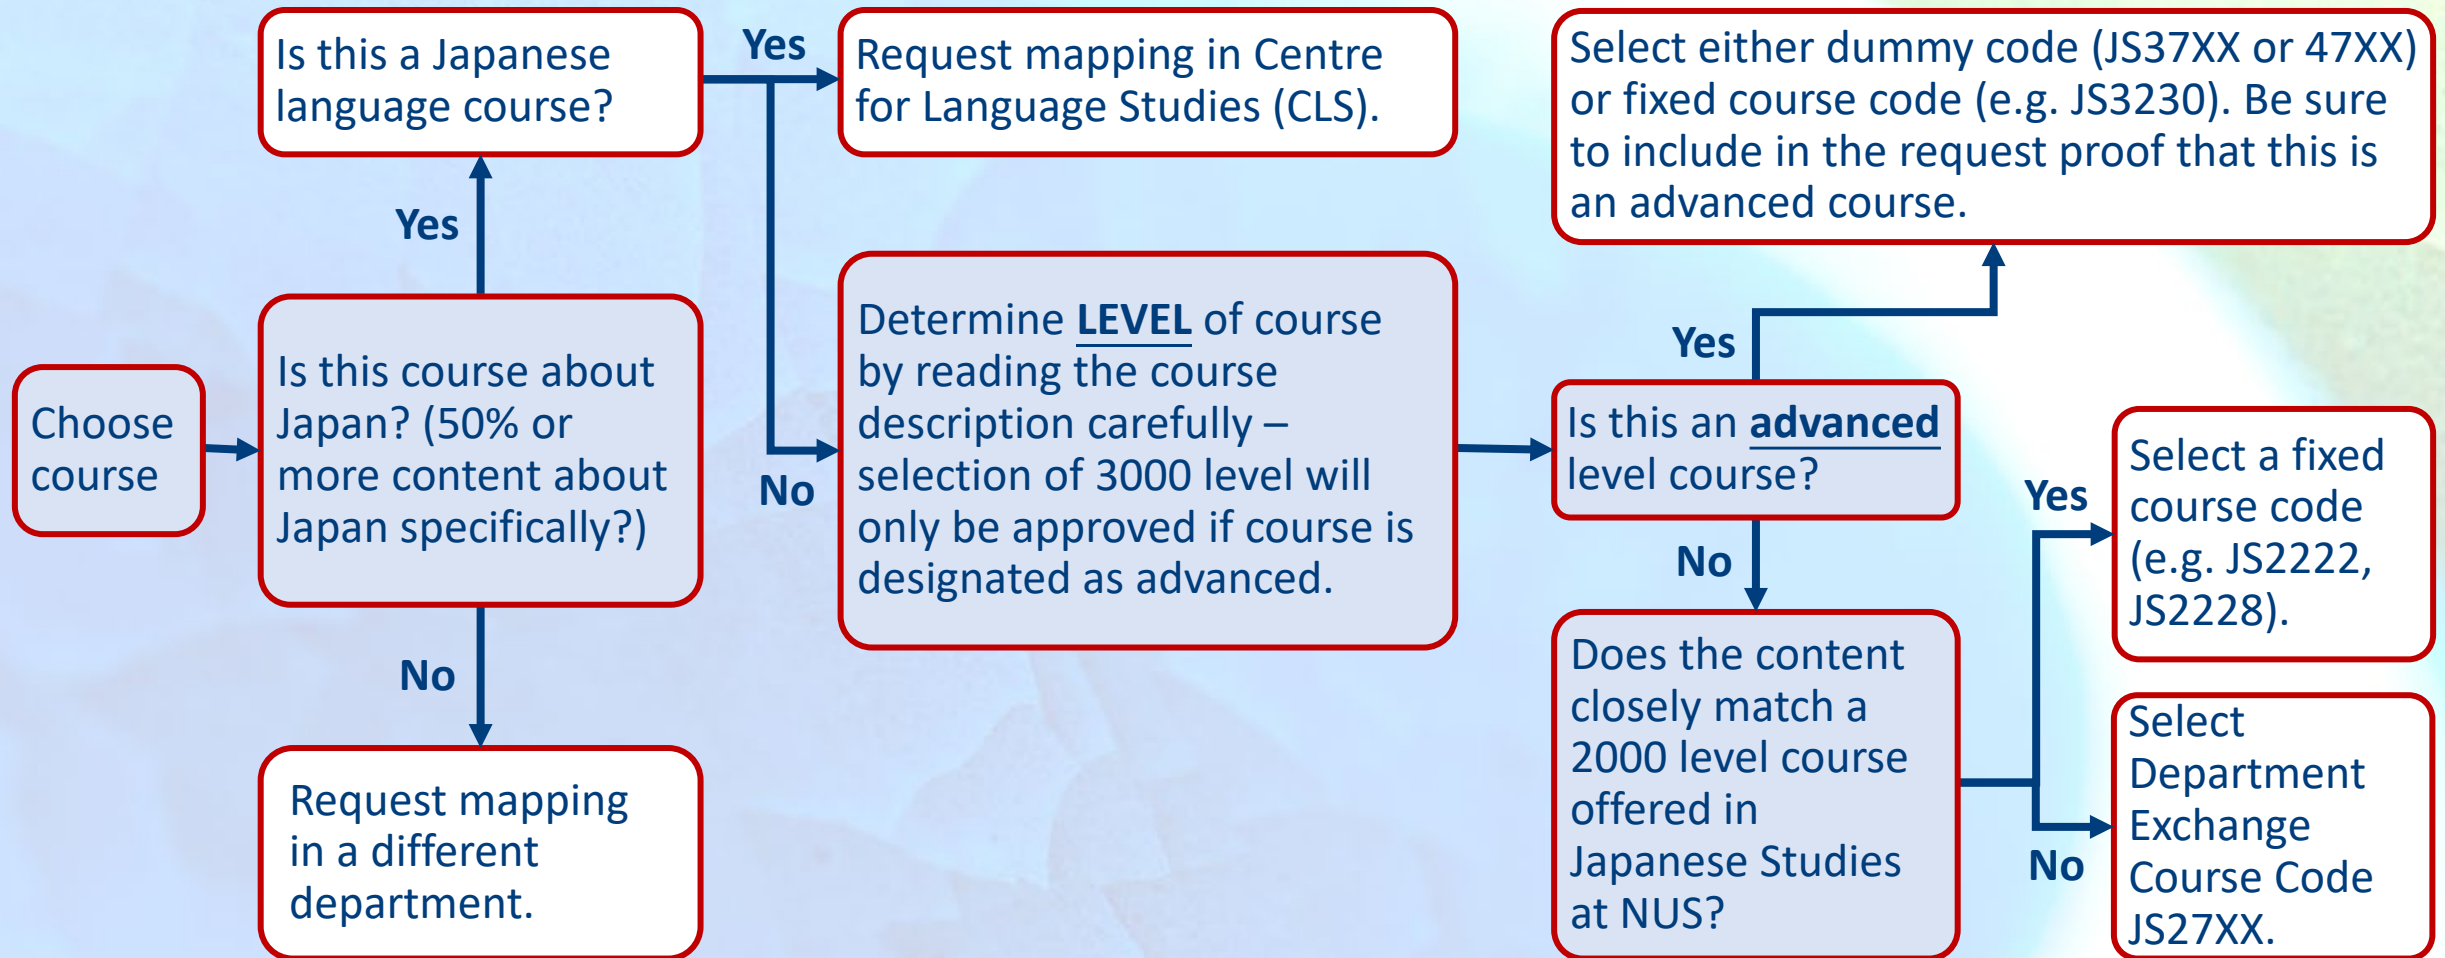

Course Mapping and Credit Transfer

- Submit all mapping requests through Edurec for approval from respective departments. JS dept handles approval for JS courses only.
- Before you go, remember:
 - Most PU courses will be mapped at 2000 level. Try to take as many Level 3k courses at NUS.
 - If there is no NUS equivalent course, you can generate a dummy code on EduRec (e.g. JS27XX).
 - Note that unit equivalence is decided by Dean's Office.
 - Check the mapping restrictions on the FASS-SEP website (e.g., JS1101E, JS2101, JS3101 cannot be mapped; maximum of 2 Level 4000 credits can be transferred).
 - Credit transfer is handled by the Dean's Office and is not automatic. Please check the FASS-SEP website or write to FASS-SEP to enquire (studyabroadfass@nus.edu.sg).

More details on FASS-SEP website (especially FAQ section)

How to Map a Course

Short Term Programmes

- See department website for full list of available Summer/Winter programmes

A top-down photograph of a matcha ceremony setup. On the left, a dark green cloth is partially visible. In the center, two black bowls filled with frothy green matcha are arranged vertically. To the left of the top bowl is a larger black bowl filled with bright green matcha powder, with a long wooden spoon resting inside it. To the right of the top bowl is a small white bowl also filled with matcha powder. Below the small white bowl is a bamboo whisk (chasen) with a light-colored handle and many fine, radiating tines. The entire scene is set against a dark, textured blue-grey background.
