INTRODUCTION TO ModReg@EduRec

Dr. Zhang Yang
Assistant Dean (Undergraduate Studies)

July 2020
Part 1 Pre-Allocated Modules
General Education Requirements

- General Education Requirements, 5 pillars (for all NUS students):
  - GER1000 – Quantitative Reasoning
  - GEQ1000 – Asking Questions
  - GET1050 – Computational Reasoning
  - GEHxxxx – Select for your desired module
  - GESxxxx – Select for your desired module
GER, GEQ, and GET Modules

- **GER1000**
  - About half of students are pre-allocated in Sem 1
  - The other half will be pre-allocated in Sem 2

- **GEQ1000**
  - Pre-allocated from Sem 2
  - RVRC students read GEQ1917 instead
  - USP and Utown college programmes students do not need to read GEQ1000

- **GET1050**
  - Pre-allocated from Sem 2
  - RC4 students do not need to read GET1050
Thinking & Expression Pillar - GET

- Compulsory for FASS students to read GET1050
  - Except those in RC4
- For USP students and students in Utown College Programmes
  - Need to read GET1050 as UE
- GET coded modules in Philosophy can only count towards major & faculty core requirements
- Additional GET modules will count towards UE
Alternative modules that fulfil the Computational Thinking (CT) requirement

<table>
<thead>
<tr>
<th>Module Code and Title</th>
<th>Host Department in FASS</th>
</tr>
</thead>
<tbody>
<tr>
<td>NM2207 Computational Media Literacy</td>
<td>Communications and New Media</td>
</tr>
<tr>
<td>PH2113 Computation and Philosophy</td>
<td>Philosophy</td>
</tr>
<tr>
<td>EC3305 Programming Tools for Economics</td>
<td>Economics</td>
</tr>
</tbody>
</table>

Note: that these modules do not concurrently fulfil the General Education (GE) ‘Thinking and Expression’ pillar requirement. If you take any of these modules to fulfil the CT requirement, you would have to take a separate GET-coded module to fulfil the GE ‘Thinking and Expression’ pillar.
Hall Students

- GER and GEQ modules with an additional suffix corresponding to the names of the halls

<table>
<thead>
<tr>
<th>GER1000 Semester 1</th>
<th>GEQ1000 Semester 2</th>
<th>Read at</th>
</tr>
</thead>
<tbody>

</tr>
</tbody>
</table>
Faculty CORE Requirement

- Faculty Core Requirement (for all FASS students): Writing, Expression and Communication (WEC) Modules
  - FAS1101 – Writing Academically: Arts and Social Sciences
  - FAS1103 (2 MC) – Public Writing and Communication
  - Pre-requisite: exemption from QET or ES1003

- Students will be pre-allocated in Sem 1 and Sem 2
  - Students in certain special programmes are exempted from reading the two modules

- In general, students should complete FAS1101 + FASS1103 + GER1000 by their first year of study
How are these modules different from other modules?

- **Module Enrolment**
  - You do not have to select these modules by yourself on ModReg, they will be pre-allocated to you

- **NO physical lecture class**
  - Students ballot for tutorial classes of their choice
  - For FAS1103, tutorial classes will be pre-allocated

- **FAS1101 & FAS1103 tutorials are conducted weekly (2-hour class)**

- **GER1000, GEQ1000, and GET1050 tutorials are conducted once every 2 weeks (2-hour class)**
CFG1002 Career Catalyst

- Offered by Center for Future Ready Graduates
- Career preparation course
- Required for all FASS students
  - Students in certain special programmes are exempted from CFG1002
- 2 MC (half a module)
  - Instruction period is 6 weeks
  - Weekly lecture/e-learning session
  - Graded on S/U basis
- Pre-allocated in Sem 1 and Sem 2
Exposure Modules

- A survey was sent out to all incoming students
  - 4 choices of exposure modules

- For those who responded
  - 2 out of 4 exposure modules will be pre-allocated
  - Not necessarily your top 2 choices

- If you did not respond
  - Select the exposure modules on ModReg

- The pre-allocated exposure modules can be dropped on ModReg
# Summary of Pre-Allocation

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
Grade-Free Scheme

- Students are allowed to exercise the S/U option on their WEC modules and GE modules
  - S/U up to 32 MCs in your first year
  - At most 12 MCs can be carried forward beyond first year

- For students who have to read FAS1101 & FAS1103 beyond their 2nd semester in NUS due to various reasons, you may use the remaining of up to 12 MCs of S/U option (if you have not finished all S/U MCs during your first year of study)
Part 2 Module Registration System
ModReg@EduRec?

- It refers to the Module Registration (ModReg) system that is accessible via the Education Records (EduRec) system

  myEduRec > Academics > Module Registration

Note: Login to myEduRec using your NUSNET ID (E00XXXXXXXX) and password
Step 1. Submit Your Academic Plan Declaration

- Declare your academic plan before using ModReg
  
  o Go to
    
    o myEduRec > My Homepage > Academics > Academic Plan Declaration

  Opening dates: 15 July 2020 (9am) – 18 August 2020 (12pm)

(to submit your declarations at least one day before starting ModReg)

Everyone has to declare

- If you are under direct admission, you already have a major/minor*
  - You will see your major/minor

- If you are not under direct admission
  - You do not have a major yet
  - E.g., you want to major in PS and you have been pre-allocated PS1101E for the coming semester
  - Still you cannot declare a major in PS
  - You should declare the “undeclared plan”
  - You can declare PS as your major in semester 2 after you pass PS1101E

*Direct admission refers to the structured programmes – Structured Double Degree, Structured Double Major, Structured Major-Minor Plan programmes
Declaration: Step-by-Step Guide

- First, log in to myEduRec. From the Homepage, select ‘Academics’
Declaration: Step-by-Step Guide

- Then choose Acad Plan Appln/Declaration
Declaration: Step-by-Step Guide

- Select Undergraduate
Declaration: Step-by-Step Guide

- Click Next

---

**Academic Plan Declaration for Academic Year 2018/2019 Semester 2**

**Bachelor of Arts**

- Academic Program: Bachelor of Arts
- Academic Plan: Undeclared Plan
- Others: Univ Scholars Programme

Once you have submitted your declaration, you will not be allowed to make any more changes for the semester.

If you have questions or find any of the information inaccurate or incomplete, please contact your program/subject advisor at the Faculty/School.
Declaration: Step-by-Step Guide

- Check the box to confirm your declaration for the semester, and click Submit.
STEP 2. Know Your Degree Requirements

- Modular Paper (Cohort 2020):
  https://www.fas.nus.edu.sg/resources/academic-matters/modular-system.html
Step 3. Simulate Your Timetable

**NUSmods - [https://nusmods.com/](https://nusmods.com/)**

<table>

- **FAS1101 Writing Academically: Arts and Social Sciences**
  - No Exam: 4 MCs
- **GER1000 Quantitative Reasoning**
  - Exam: 24-11-2018 1:00 PM - 4 MCs
- **EC1101E Introduction to Economic Analysis**
  - Exam: 27-11-2018 5:00 PM - 4 MCs
- **CFG1002 Career Catalyst**
  - No Exam: 2 MCs
- **LAF1201 French 1**
  - No Exam: 4 MCs
- **MS1102E Malays - Tradition, Conflict and Change**
  - Exam: 04-12-2018 9:00 AM - 4 MCs

Total Module Credits: 22 MCs
START OF Module Registration Period For Semester

1. Have I Submitted My Academic Plan Declaration?
   - YES
   - NO
   - Submit My Academic Plan Declaration

2. Do I Know My Degree Requirements?
   - YES
   - NO
   - Refer To Faculty/School/Programme Module-related Links

3. Have I Simulated My Desired Timetable?
   - YES
   - NO
   - Simulate Desired Timetable Via NUSMods

END

Submit Module(s) Via ModReg [Select Module]

Submit Appeals (Refer to ModReg Schedule)

Are ModReg Rounds Still Ongoing?

Time for ModReg
Types of Functions on ModReg

- Description of ModReg
- Where you see your classes that you are successfully enrolled in
- Where you register for your modules
- Not applicable for you
- Where you choose your tutorial/labs after you registered for your modules
- Where you add/swap tutorial/labs after ‘Select Tutorials’ round is over
- Where you drop your enrolled modules before “F” grade period
- Where you submit for appeals. Refer to the ModReg website for appeal schedule.
ModReg Philosophy

- Rules-Driven, Priority-Based Module Allocation
  - Rules-Driven: Curricular Needs
  - Priority-Based: Student Seniority
  - Priority-Based: Module Preferences
Rules-Driven: Curricular Needs

- Drives Programme Requirements points
- Determined via Academic Plan Declaration
- Declaration **must** be completed before ModReg starts. Please submit your declarations at least one day before doing ModReg.

<table>
<thead>
<tr>
<th>Programme Requirements Category (in descending order of points)</th>
<th>A^p</th>
</tr>
</thead>
<tbody>
<tr>
<td>UTown/USP modules</td>
<td></td>
</tr>
<tr>
<td>Major core and 1st Major 1st Specialisation modules</td>
<td></td>
</tr>
<tr>
<td>1st Major modules</td>
<td></td>
</tr>
<tr>
<td>Second Major Specialisation modules</td>
<td></td>
</tr>
<tr>
<td>Faculty Requirement modules</td>
<td></td>
</tr>
<tr>
<td>Second Major modules</td>
<td></td>
</tr>
<tr>
<td>Restricted/Direct Minor modules</td>
<td></td>
</tr>
<tr>
<td>Unrestricted Elective / General Education modules</td>
<td></td>
</tr>
</tbody>
</table>
For Example

- EC2104 is a major core for students majoring in Economics
  - There is no pre-requisite
  - Can be taken together with EC1101E
- For students with direct admission to Economics
  - EC2104 is a “Major Core” module in the coming semester
- For students who have not declared Economics as a major
  - EC2104 is an “Unrestricted Elective”
Priority-Based: Student Seniority

- Drives Students’ Seniority points
- Based on promotion rules configured by Faculties/Schools
Priority-Based: Module Preferences

- Points allocated in accordance to students' preference (that is, students' ranking of modules)

<table>
<thead>
<tr>
<th>Rank Preference of Modules (in descending order of points) - C^n</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rank 1</td>
</tr>
<tr>
<td>Rank 5</td>
</tr>
</tbody>
</table>
Tiebreakers

- Overall score: $A^n \times B^n \times C^n$
- When students have the same overall score for a module
- **AND** when the demand exceeds the supply

Tie-breakers are used to determine the final module allocation

<table>
<thead>
<tr>
<th>Tie-breakers (in descending order of consideration)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students who have not attained minimum workload</td>
</tr>
<tr>
<td>Student's home faculty is module host faculty</td>
</tr>
<tr>
<td>Remnant CORS points (applicable for AX2019/2020 only)</td>
</tr>
<tr>
<td>Module feedback points</td>
</tr>
<tr>
<td>Random balloting</td>
</tr>
</tbody>
</table>
Who gets the module? Scenario 1

- Two students (Phil and George) are selecting for the module **EC2204 Financial Accounting for Economist**
- Suppose supply is bigger than demand

**Phil**
- Year 2 student
- Major in Economics
- Ranked the module as Rank 3

**George**
- Year 2 student
- Major in Malay Studies
- Second major in Economics
- Ranked the module as Rank 5

Both Phil and George get the module **EC2204 Financial Accounting for Economist** because supply is bigger than demand. All students who select the module will get allocated.
Who gets the module? Scenario 2

- Two students (Phil and George) are selecting for the module EC2204 Financial Accounting for Economist
- Suppose demand is bigger than supply

Seniority: Same
Programme Requirement: First Major > Second Major
Preference Rank: Same
Phil gets EC2204 Financial Accounting for Economist
Who gets the module? Scenario 3

- Two students (Phil and Lily) are selecting for the module EC2204 Financial Accounting for Economist
- Suppose Demand is bigger than supply

Seniority: Same
Programme Requirement: Same
Preference Rank: Same

The winner of the tiebreaker gets the module

Phil
- Year 2 student
- Major in Economics
- Ranked the module as Rank 3

Lily
- Year 2 student
- Major in Economics
- Ranked the module as Rank 3
I do not have a major yet this coming semester and I am just Year 1… Wouldn’t my priority be lower than my seniors?
Remember Pre-Allocation?

- Some modules are pre-allocated in year 1
- You can rank your remaining modules higher, for example

```
Pre-allocated
FAS1101 4MC

Pre-allocated
Exposure Module 1 4MC

Pre-allocated
Exposure Module 2 4MC

Select Module on ModReg
Rank 1
NMxxxx 4MC

Select Module on ModReg
Rank 2
LAFxxxx 4MC

Pre-allocated
CFG1002 2MC
```

22MC
Three Rounds to Select Modules

- **Round 1 (“Protected” Round)**
  - Only year 1 students can select exposure modules
    - Select your exposure modules in round 1!
  - Students with a major/restricted minor can select modules in their major/restricted minor
    - Major core modules only open to students in that major
  - All FASS students can select
    - UE modules offered by FASS
    - CELC (English) modules (if needed)
Three Rounds to Select Modules

- **Round 2**
  - All FASS students can select exposure modules
    - No protection for year 1 students!
  - Students with a major/restricted minor can select modules in their major/restricted minor
    - Major core modules only open to students in that major
  - All FASS students can select
    - GE modules from FASS and other faculties
    - UE modules from FASS and other faculties
    - CELC (English) modules
  - Select maximum 23 MC in the first two rounds
Three Rounds to Select Modules

- **Round 3**
  - Balance quotas are merged for all categories of students to optimise class enrolment
  - Anyone can select any module
    - Subject to meeting the pre-requisites
    - If there is still space
  - In your first semester
    - Maximum workload is 23 MC
  - From semester 2 onwards, if you want to select modules beyond 23 MC
    - You can only do it in round 3
    - Maximum workload is 27 MC for returning students
Examples

- You will only be able to view and select modules that you are eligible for each round
- For example, for EC2104 (core module for Econ major)
  - A direct admission student to Economics is able to select EC2104 in round 1
  - Students who are not Econ major yet can only select EC2104 in round 3
- On the other hand, for EC2204 (elective module for Econ major)
  - A direct admission student to Economics is able to select EC2204 in round 1
  - Students who are not Econ major yet can select EC2204 in round 1 as UE
Select Module: Step-by-Step Guide

- Refer to ModReg user guide on how to select module-class. Briefly:
  - Indicate #MCs you wish for the round
  - e.g. 23 MCs – Number of MCs Allocated

Number of MCs Allocated: 0
Max Number of MCs that can be taken in this Round: 23
Number of MCs to meeting min. Workload: 18
Number of MCs you would like to enrol in for this round: 12

Add Classes
Select Module: Step-by-Step Guide

- Search and select a module

  e.g. You would like to Select for the module **PH2206 Founders of Modern Philosophy**

  Subject: **PH**
  Catalog Nbr: **2206**
Select Module: Step-by-Step Guide

- Rank the modules you have selected
- Popularity figure is based on number of students who have selected the module in their “Main List” at point of time
Select Module: Step-by-Step Guide

- Select “reserve list” modules where relevant
- You can add up to two reserve modules for each module in your Main List
Suggested Modules for Year1 Sem1

- For students who are not required to read ES1000 or ES1103

<table>
<thead>
<tr>
<th>Round 1</th>
<th>Round 2</th>
</tr>
</thead>
</table>
| Pre-allocated modules  
• Exposure 1  
• Exposure 2  
• FAS1101/FAS1103, and/or  
GER1000, and/or CFG1002  
You would probably be left with 1 or 2 modules to select  
• Major module (for direct admission only)  
• Exposure 3  
• UE (e.g. language module) | If you have not secured the modules you want in round 1  
• Major module (for direct admission only)  
• Exposure 3  
• UE module  
• GE module |
## Suggested Modules for Year1 Sem1

For students who are required to read ES1000 and/or ES1103

<table>
<thead>
<tr>
<th>Round 1</th>
<th>Round 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pre-allocated modules</td>
<td>If you have not secured the modules you want in round 1</td>
</tr>
<tr>

<td></td>
</tr>
<tr>
<td>• Exposure 3</td>
<td></td>
</tr>
<tr>
<td>• UE (e.g. language module)</td>
<td></td>
</tr>
</tbody>
</table>
Tips for Module Registration

- Select ES1000/ES1003 in round 1 and rank as high as possible
  - For those who are required to take these modules
- Check that there are no timetable clashes (lecture/ exam/ tutorial)
- Always have alternative study plans on hand
- Exposure modules are offered in both semesters
  - If you do not get the module in Semester 1, you can get it in Semester 2
- Do Not register for level-3000 modules
Timeline for Tutorials/Labs Registration

- Stages of Tutorial Registration
  - Select Tutorials/Labs Round 1
  - Select Tutorials/Labs Round 2
  - Add / Swap Tutorials
  - Online Appeals
How to select tutorials?

- Your **module lecture class** must first be **registered**
- **NOT** first come first served
- In each of the two rounds

- Decide classes you want (up to 20)
- Rank the classes in order of importance (1=highest, 20=lowest)
- If demand does not exceed supply, all get allocated
- If demand exceeds supply, ballot (random)
### How to Rank your tutorials?

<table>
<thead>
<tr>
<th>CORRECT ✓</th>
<th></th>
<th>INCORRECT ✗</th>

</tbody>
</table>
Tutorial Selection Rounds in Sem 1

- Select Tutorials Round 1: 12 August 2020 (9am to 5pm)
- Select Tutorials Round 2: 14 August 2020 (9am to 5pm)

- ModReg schedule:
  [http://www.nus.edu.sg/ModReg/modreg_schedule_undergraduate.html](http://www.nus.edu.sg/ModReg/modreg_schedule_undergraduate.html)
After Round 2

- During the Add/Swap period
  - Add tutorial on a first-come-first-served basis as long as there is vacancy
  - Post a swap request if you want to change to another tutorial

- Submit an appeal via ModReg
  - If you still cannot secure a tutorial in the add/swap period

- In the event that a tutorial group is cancelled, you will be notified and alternative arrangements will be made

- If you cannot find a suitable tutorial group, please drop the module or the Faculty will drop on your behalf in Week 5
  - Does not apply to FAS1101, FAS1103, GER1000, GEQ1000, and GET1050
How to check the classes you are registered successfully in?

- Access [View My Classes] to view all module-classes allocated to you.
- Results for a specific ModReg Round will be released via [View My Classes] the day after the round has ended.
Dropping of Modules

- You may drop a module you are enrolled in so long as the remaining MCs meet the minimum workload requirement.
- Once a module is dropped, all associated classes (e.g. lecture, tutorial, labs) are dropped.
- If a tutorial or lab class is dropped, you will remain enrolled in the module.
- You will not be able to drop modules during the “F” grade period via ModReg.
- Be careful of the “W” grade period.
Appeals

- All appeals must be submitted through ModReg
- Select the correct appeal type
- Do not submit duplicate appeals
ModReg: Resources

- ModReg@EducRec Website (http://www.nus.edu.sg/ModReg)
- ModReg User Guide (http://www.nus.edu.sg/ModReg/docs/ModReg-Student-User-Guide.pdf)
