

The FASS Social Science and Policy Cluster (SSP) and Singapore Centre for Applied and Policy Economics (SCAPE) present a discussion of crucial issues on investment in transport infrastructure, role and nature of ownership in public transport, role of non-motorised transport, parking policy, policy toward the automobile and a rethink on transport policy in a half day seminar

Sustainable Urban Transport Mobility and Transport Policy in Singapore

15th April 2013 (Monday) at 9.30 am - 12.30 pm (registration starts at 9.00am)
Venue: The Shaw Foundation Building, Seminar Room B, AS7-01-16/17/18,
NUS Kent Ridge Campus, Singapore(117570)

This seminar focuses on reviewing the status quo of the current approach to urban mobility and the possibility of a paradigm shift, as well as discussing the issue of utilization of land in the most land efficient and environmentally sustainable way

Speakers:

Panel 1: Assoc. Prof Anthony T.H. Chin (NUS) • Assoc. Prof Paul Barter (LKYSPP)

Panel 2: Assoc. Prof Gopinath A.P. Menon (NTU) • Mr Tony Dufays (UITP)

Please RSVP to fass_ssp@nus.edu.sg by 11 April 2013
