

CHS Sample Study Plan for FASS Majors

- The sample study plan serves as a **guide** for how FASS students may complete their graduation requirements.
- Students are given the flexibility to plan their studies. Hence, students **need not adhere too strictly** to the sample study plan.
 - E.g., the sample study plan states that the Writing course (FAS1101) is to be completed in the first semester, but students may be pre-allocated FAS1101 in their second semester instead of in their first semester.
- Please refer to the **Course Pre-allocation Guidelines** for your cohort here: <https://fass.nus.edu.sg/current-students/academic-matters/chs-common-curriculum/>
- Please refer to the **Modular System paper (Graduation Requirements)** for your cohort here: <https://fass.nus.edu.sg/current-students/academic-matters/modular-system/>
- Your **Cohort** refers to the academic year you have matriculated into NUS.
 - For e.g., if you have matriculated in AY2022/2023, you belong to Cohort 2022.
 - Please refer to the version for your cohort only.

CHS Sample Study Plan for FASS Majors (Primary Major, example 1)

***Courses with orange borders and asterisks will be pre-allocated.** For the 4 Integrated courses (HSA, HSH, HSS, HSI), students will be pre-allocated with any 2 out of the 4 courses per semester. For DTK1234 and GEA1000, either 1 of the courses will be pre-allocated per semester.

- [Yearlong or single-semester Communities & Engagement courses are available.](#)
